PROJECTS

CV Analysis

July 2024

- An organization invests a lot of its time and resources in search of the potential candidates. This project will help to pace up resume screening process by sorting the candidates with respect to their experience and skills.

Message Transmission using Steganography Approach

June 2025

- This project is a Java-based implementation of Image Steganography using the Least Significant Bit (LSB) method. The goal is to hide a secret message inside an image in such a way that it's invisible to the human eye.

EXTRA-CURRICULAR ACTIVITIES

- Participating in One Day Workshop on Machine Learning and Applications

LANGUAGE KNOWN

English (Fluent) Bengali (Native) Hindi (Intermediate)
